

# Orthoptics Australia Optimed July Scientific Meeting 24 July 2010

The Orthoptics Australia (VIC Branch) **Optimed July Scientific Meeting 2010** will be held on **Saturday 24th July** at Balgownie Estate in the Yarra Valley. In response to member feedback, this year, we will go back to strabismus - well, at least partly, no synoptophore!

Two excellent strabismus clinicians from Sydney, **Dr Ross Fitzsimmons** and **Kristen Saba**, will present an educational and interactive (though non-confronting!) workshop: ***Strabismus for the Orthoptist in Ophthalmic Practice***. This workshop will contain cases, is designed as a refresher and is the confidence booster you've long been waiting for. Local "strabismic identities" will complement Ross and Kristen, who have conducted a series of these sessions for our Sydney colleagues.

We will have some general ophthalmic content too, for all should have a good excuse to get away from their usual Saturday chores and join colleagues for a day out and enjoy a glass or two of their favourite *vino*! If you heard the last JSM was good, this will be better!

#### Venue

Balgownie Estate, 1309 Melba Highway, Yarra Glen
