

Vision Group is the largest and most progressive provider of ophthalmic services in Australia. Through our network of ophthalmic clinics and state of the art day surgery facilities we are able to excel in all areas of eye care and are recognized as market leaders. Vision Group is also the largest private employer of Orthoptists nationally, which gives the unique opportunity to join an experienced and supportive group, who all benefit from the wealth of knowledge each individual contributes.

A part-time, twelve month, maternity position now exists for a committed and motivated orthoptist to join our Vision Group team. The role will commence in early August, four days a week and may increase to five days a week to suit the needs of the business.

Duties may include:

- Subjective and Auto-refractions
- Biometry
- HRT
- Perimetry
- Pachymetry
- OCT
- Digital Fluorescein Angiography and Fundus photography
- some paediatric examinations

The position is based at Vision Eye Institute Footscray however there is also the opportunity to consult at our Vision Laser clinic, so applicants with previous refractive experience would be looked upon favorably. A driver's license and car are essential.

The successful applicant will have the ability to create and maintain effective working relationships with the entire clinical team and have a desire to provide outstanding service to both patients and doctors.

New graduates are welcome to apply as full training will be provided.

Applications close **Wednesday 14<sup>th</sup> July, 5pm** and can be sent to

George Dimopoulos  
Victorian Orthoptic Team Leader  
Camberwell Eye Clinic  
27 Denmark-Hill Road  
Hawthorn East VIC 3124
