

July Scientific Meeting and Workshop

26 July 2008

www.orthoptics.org.au

This year, due to the conference being held in Melbourne, the July Scientific Meeting has been combined with the annual Victorian Branch Workshop.

As part of the July Scientific Meeting, a stimulating morning program covering a wide range of topics is being developed. The Workshop titled **Glaucoma Monitoring by the Orthoptist** will be held in the afternoon and will be lead by Dr Linda Malesic. This will have a particular focus on assessing the optic nerve and angle structures in patients with glaucoma.

The OAA Victorian Branch extends an invitation to orthoptists of all states to join us for what is sure to be an exciting and educational day.

We look forward to seeing you there!

Call for Abstracts

We continue to accept abstracts for the morning presentations. To submit an abstract, please contact Catherine Mancuso.

Venue

The event is being hosted by the Royal Victorian Eye and Ear Hospital in Melbourne. Details are as follows:
