

PART TIME ORTHOPTIST REQUIRED

Our Clinic is busy, progressive and covers a range of sub-specialties including retina, oculo plastics as well as general ophthalmology (cataract, glaucoma, diabetic, etc)

The position is for part time employment with the possibility of progression to full time.

Duties include:

- q **Refractions**
- q **IOP**
- q **Pachymetry,**
- q **Visual field testing**
- q **Corneal Topography**
- q **A Scans/ B Scans**
- q **Cover Testing/ Ocular Motility**
- q **OCT's**
- q **Fundus Photography**
- q **Angiograms**

The successful applicant will mainly be working at the Dandenong Clinic but may be required to work at our Traralgon Clinic. A driver's licence is therefore required.

A car will be supplied and accommodation is organised when staying at Traralgon.

A good manner with patients and good communication skills are essential for this position. Experience is preferred but full training will be provided.

Applicants must have a Bachelor of Orthoptic and Ophthalmic Sciences or equivalent and registration with the AOB is necessary.

For further information contact Juanita de Netto 9794 7515
